

Come To The Father

Vers 1

When I look back on my life
Your love has carried me
Through all hardship
Through all doubts
Your grace enabled me

Out of darkness You brought me up
You opened up my eyes
You opened up my eyes

Corus

I Come to the Father
I Look to his eyes
A Love like no other
Calling me out
Desperate to find me
His arms reaches out
So I come to the Father
I turn to you

Vers2

Your faithful love reaches for me
I'm standing in Your light
Forgiven, redeemed
I've been set free
Your faithful till the end

From the morning till the night
Your love remains the same
Your love remains the same

Bridge

Your love never ends
Never fails
Never gives up on me

Hallelujah
