

Light Us For Your Name

Vers

In the secret, In the quiet
My heart and soul waits for You
Your spirit revives me
Makes my heart whole

Chorus

And I find myself in this holy place I'm in
I surrender all just to worship at your feet

And my soul finds rest in the glory of my King
For your presence Lord is the reason that I sing

Bridge

Holy spirit come
Light us for your name
Let us burn with holy fire
for the world to see
